

# WINTER IS HERE!

Volume 23, Issue 1

**Christmas in Grant** - Our annual event was held on Saturday, December 10th and we had a great turnout. Santa made his arrival to greet the boys and girls. Thanks to all volunteers, police officers, city staff, and our local sponsors (Gene's Market, Andreas Pizza, Depot Restaurant, Farmers Insurance, Grant District Library, IAI, Michelle McKinley, Dan & Sherry Powell) that continue to make the event free to everyone.

**Snow Removal on Sidewalks - Ordinance #53 section 302.3** Requires property owners to keep sidewalks adjacent to their property free from anything that will obstruct them or cause a hazard to public safety. Please shovel / clear

sidewalks to keep them slip-free, especially for children who use them. Per City Policy, the DPW will clear sidewalks during single snow events of 10 inches or more of accumulation in a single event or as time permits during a regular work day.

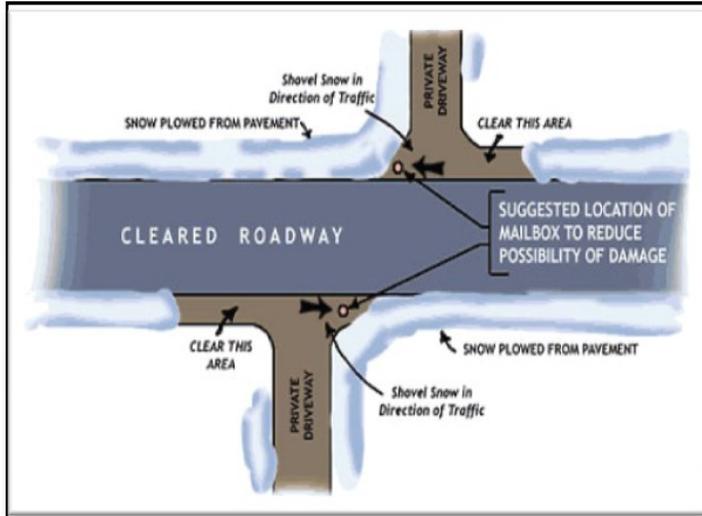

**Water Freezes at 32 degrees so protect your pipes and meter!** We receive a few calls every winter regarding water meters freezing. We urge you to make sure that your pipes and meters are properly insulated and kept above freezing so that this doesn't happen to you. This simple task of insulating pipes and meters can prevent freezing (**frozen meter replacement costs start at \$154.00**) and is your responsibility. Meters must be purchased at the City office.

**Please remember:**

**It is illegal for residents or any unauthorized personnel to plow snow, ice or slush onto or across roadways because it can present a serious traffic hazard.**

\*\*\*Vehicles may slide or lose control if they hit a patch of ice/snow dropped by a private plow/snow blower\*\*\*

**Snow Plowing Across the Road** The 2nd picture shows snow left on the road after it was plowed. This snow is what presents a serious traffic hazard for those driving on the road as it creates unnecessary drifts and ice build-up on the road which can cause cars to slide. The Grant PD will be issuing citations if you are caught plowing/blowing snow across city roads. Please make sure that if you have someone plowing/blowing your driveway, they are aware that if they are plowing/blowing snow across the road and are caught, this **will result in a ticket.**

**Winter Snow Plowing: Understanding Plowing Near Driveways** — Driveways are always a sensitive issue when it comes to snow removal. DPW crews are sensitive to this problem, however, there is no practical way to plow without depositing snow into driveways. Drivers will do their best to minimize filling in or blocking driveways. The illustration to the left of this article is a graphic showing how a driveway can be initially cleared to reduce the likelihood of the plow filling the entrance. If you shovel or move the snow in the direction of traffic, clearing a pocket in front of the driveway as shown, snow accumulation on the plow will drop into that pocket and only a bare minimum will go into the driveway opening.

**Live Christmas tree removal.** Every Monday in January the DPW will pick up your live Christmas tree if you place it by the road

**Community Center Celebrations** Our historical venue is available for wedding receptions, graduation parties, meetings, etc. Rental includes full kitchen facilities, large spacious main hall with antique wood panel flooring, elevated stage for seating guests of honor, and air conditioning. Tables and chairs are also included. Various caterers are available in the area. **City Resident daily rate: \$175; Non-resident daily rate: \$275; Weekend rate: \$375; Non-refundable reservation fee: \$50; Non-alcohol Security Deposit: \$300.** Events with alcohol allowed—see rules and regulations online or contact our office.

**Important Public Safety Information.** If you are in need of a police officer, call 231.834.7212 and follow the prompts to quickly reach the nearest available police officer. **For emergencies always call 911.**

## Snow Removal, Plowing & Parking

**Winter Parking Restrictions-Ord #18** The City reminds residents/businesses/visitors that there is no parking of any motor vehicles upon any public street or alley within the City limits between the hours of **2:00 am and 6:00 am November 15th - April 15th**. This aids City plows removing snow from streets. Signs are posted around the City that also serves as a notice. If your vehicle is towed, signs have the appropriate contact number to call.

**Snow Plow Permits** Remember that commercial for hire snow removal requires a snow plow permit to plow in the city. We inspect all vehicles for safety and confirm that insurances are current. Permits can be purchased at City Hall for \$10 and are good for the 2022-2023 winter season.

**Burn Permit** Open burning within the city is regulated under Ord 37-2 and requires a permit from the city office. Michigan DNR restrictions apply and can be found on the DNR website. Small fires for food preparation/recreation are allowed in the city if limited to logs and other clean wood material.
