

**CITY OF GRANT
JOB DESCRIPTION**

PUBLIC WORKS SUPERVISOR

Supervised By: City Manager
Supervises: All Public Works personnel and others assigned to Public Works duties

Position Summary:

Under the general supervision of the City Manager, plans, organizes and supervises the operations and personnel of the Public Works Department. Performs related administrative duties and oversees all operational areas including water production, water distribution, sanitary sewer distribution, ice and snow removal and the maintenance of streets, parks, buildings, grounds, cemetery and storm sewer systems. Per personnel policy, the Public Works Supervisor is classified as a salaries position and is expected to work up to 50 hours per week as needed.

Essential Job Functions:

An employee in this position may be called upon to do any or all of the following essential functions. These examples do not include all of the duties which the employee may be expected to perform. To perform this job successfully, an individual must be able to perform each essential function satisfactorily.

1. Plans, organizes, and directs all aspects of departmental operations and personnel. Develops project plans and preventive maintenance schedules, determines work priorities, allocates appropriate resources and ensures work is completed according to schedule and within department standards for quality.
2. Supervises departmental personnel. Trains, schedules, monitors and evaluates employees according to established procedures. Hires, promotes and disciplines departmental employees subject to approval by the City Manager.
3. Develops, reviews and revises long-term plans to improve public works operations. Recommends and implements policies, rules and procedures. Advises and assists the City Manager and City Commission regarding departmental issues.
4. Monitors and enforces municipal policies, safety rules in accordance with departmental procedures and OSHA/MIOSHA regulations. Coordinates safety training and related programming to ensure proper staff preparation.
5. Assesses department operations, staffing levels, facilities, and equipment. Prepares operational reports for the City Manager and City Commission. Provides technical expertise, makes presentations and recommends strategies to improve departmental efficiency and quality.

6. Helps prepare and present annual budget requests to the City Manager, monitors departmental budget, and ensures that the authorized budgetary and purchasing procedures are properly used. Identifies departmental needs and oversees equipment and supply inventories and purchasing for the Department.
7. Prepares bid specifications for equipment, maintenance services and construction and special projects. Researches vendors and products, develops and coordinates the bid and selection process with administrative offices. Makes recommendations and monitors contracts for compliance with specifications.
8. Inspects the City's infrastructure for water, sewer, lift stations and roads. Recommends and prepares cost estimates and long range schedules for maintenance, construction and replacement projects. Develops capital improvement plans and coordinates current and future projects with other City departments, project engineers and contractors.
9. Tracks projects and activities, collects data, and prepares correspondence and general reports to achieve compliance with applicable reporting and regulatory requirements. Interacts with representatives from other governmental units and regulatory agencies as necessary.
10. Reviews all traffic engineering problems with the City Manager and Chief of Police. Makes related recommendations and implements special projects as needed.
11. Serves as the Sexton. Oversees landscaping, grounds and facilities maintenance, opening and closing of gravesites, and records management functions for the City cemetery.
12. Keeps abreast of current developments and new administrative techniques in the public works field. Attends conferences, workshops, and seminars as appropriate.
13. Acts as department spokesperson, establishing and maintaining effective relationships with the public, areas businesses, City officials, and other employees and administrators. Responds to public inquiries, investigates complaints as necessary.
14. Attends meetings when requested by the City Manager and responds to emergencies as necessary, including those which occur outside of normal business hours. Participates in maintenance and repair work as operational needs demand.
15. Performs related work as required.

Required Knowledge, Skills, Abilities and Minimum Qualifications:

The requirements listed below are representative of the knowledge, skills, abilities and minimum qualifications necessary to perform the essential functions of the position. Reasonable accommodations may be made to enable individuals with disabilities to perform the job.

Requirements include the following:

- An Associate's Degree or the equivalent in civil engineering, construction management, or a public works related field.
- Five or more years of progressively more responsible experience in public works and water systems, including supervisory and administrative duties.
- A valid Michigan Commercial Driver's License (CDL).
- MDNRE water distribution certification at the level appropriate for the City's population and treatment process (Presently a S-4 level).
- MDNRE water treatment certification at the level appropriate for the City's population and treatment process (Presently a D-3 level.)
- Knowledge of the civil engineering principles, practices and methods applicable in a municipal setting.
- Knowledge of water and sewer systems and the public health and safety regulations governing a municipal water distribution system.
- Knowledge of the equipment, materials and approaches utilized in public works operations and related safety procedures.
- Knowledge of cemetery operations and grounds maintenance.
- Skill in effectively communicating ideas and concepts orally and in writing, and in making presentations in public forums.
- Skill in compiling and evaluating complex data and formulating policy and service recommendations.
- Skill in the use of standard office equipment, including computers and related software.
- Ability to exercise a high degree of diplomacy in contentious or confrontational situations.
- Ability to maintain accurate records and prepare comprehensive reports.
- Ability to maintain discipline, lead and command employees effectively under emergency conditions, and work effectively under stress and within deadlines and changing work priorities.
- Ability to exercise good judgment, initiative and resourcefulness and maintain effective working relationships with the public, other professionals, the media and City officials, administrators and employees.

- Ability to travel to other locations and respond to emergencies on a 24-hour basis.
- Ability to effectively train, lead and motivate employees.

Physical Demands and Work Environment:

The physical demands and work environment characteristics described here are representative of those an employee encounters while performing the essential functions of the job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
