Residential Collection Bid Form

City of Grant Michigan

Submit this form with the proposal responding to the Residential Trash and Recycling Collection RFP.

1 Bidder information

Legal Business Name: _____

Mailing address: _____

Contact name and title: _____

Telephone: _____ Email: _____

2 Instructions

Complete both term schedules. Enter dollar amounts for each offered contract year or mark the applicable No Bid box. A No Bid box applies to that item for the entire stated term. If only a particular year cannot be offered, write "No Bid" in that year's cell and explain. Do not leave entries blank. For an included service, enter "Included."

Cart-service rates are per household per month and include monthly bulk collection. Option1-64 and Option1-96 exclude recycling. Option1-MR is the optional monthly recycling subscription charge under Option 1. Option2 rates combine weekly trash and weekly recycling. Option3 rates combine weekly trash and monthly recycling. The City intends to select only one of these three options. BAG rates are per individual bag, without a required trash cart.

State any minimum enrollment, surcharge, extra fee, service exception, or variation in the response sections. The required-services section must be acknowledged in full.

3 Addenda and proposal attachments

Addenda acknowledged by number and date: _____

- ☐ No addenda received ☐ Service and transition narrative attached
☐ Experience and references attached ☐ Insurance information attached
☐ All exceptions and additional charges disclosed

FAX: (231) 834-5984

Additional charges and Payment Options

Attach a schedule for any other fees or charges. Such as late fees, account setup fees, extra bags/beyond capacity, cart replacement (state circumstances), etc.

Billing frequency and payment options: _____

Bidder certification

The undersigned is authorized to submit this proposal on behalf of the bidder and certifies that the prices and responses are complete to the best of the bidder's knowledge. The bidder has reviewed the RFP and acknowledged addenda and agrees to hold this proposal open for 90 days after the submission deadline.

The bidder understands that the City intends to select only one of the three service options and one contract term, residents will choose their trash-cart size, and customers will contact the contractor directly to establish accounts and billing arrangements. The contractor will bill and collect payment directly from customers.

The bidder acknowledges that approximately 250 residential units are anticipated, without a guaranteed fixed customer count, cart-size distribution, or optional recycling participation level. The bidder acknowledges all required services, including monthly bulk collection in cart-service rates and municipal and cleanup services at no additional charge to the City.

All additional charges, service limitations, minimum enrollment requirements, and exceptions are disclosed in this form or clearly identified attachments. Selection is subject to a written agreement approved by the City.
