

City of Grant

# Parkview Cemetery

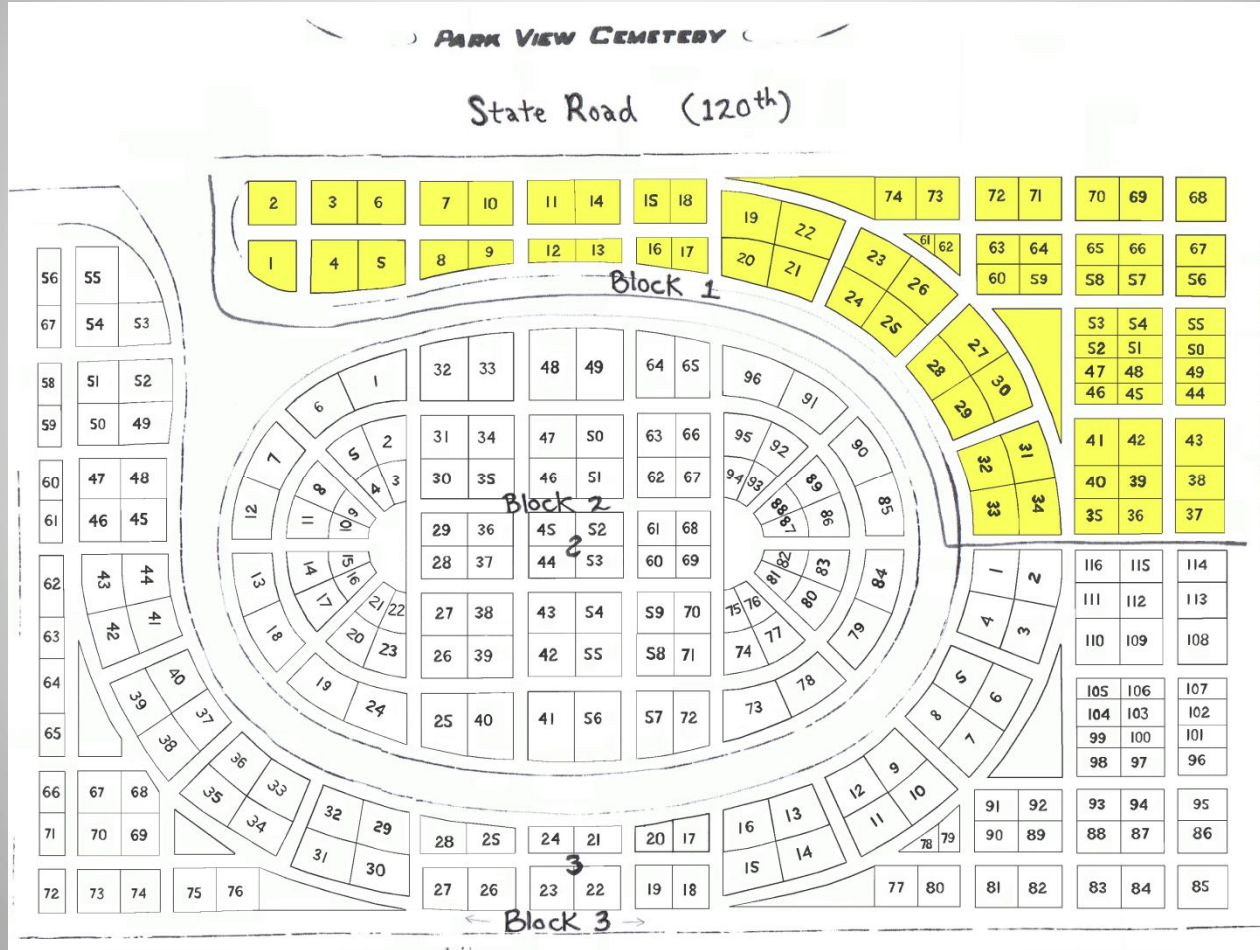

Est. 1921

To locate a grave in Parkview Cemetery, first

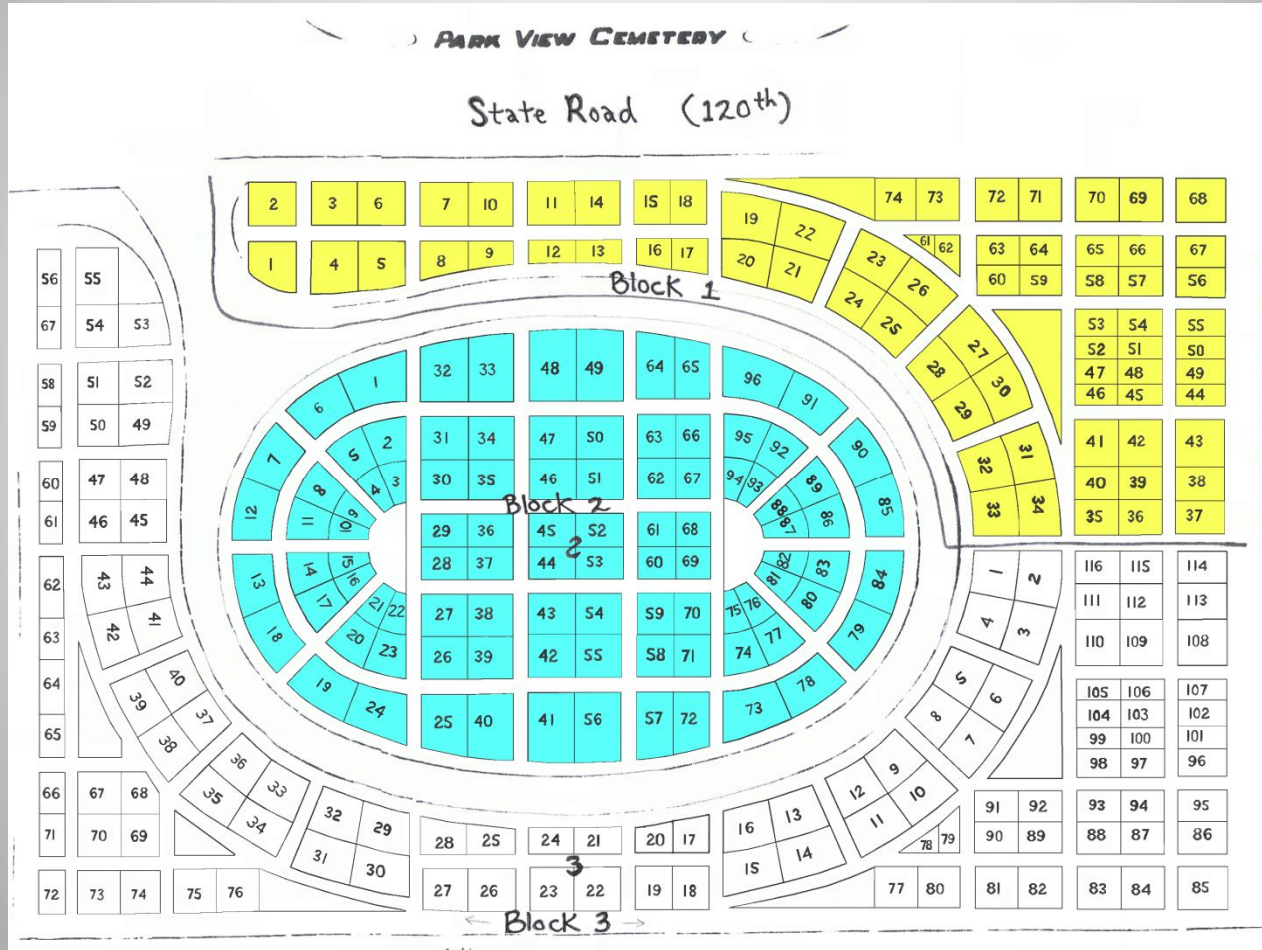

note that the cemetery is divided into three Blocks

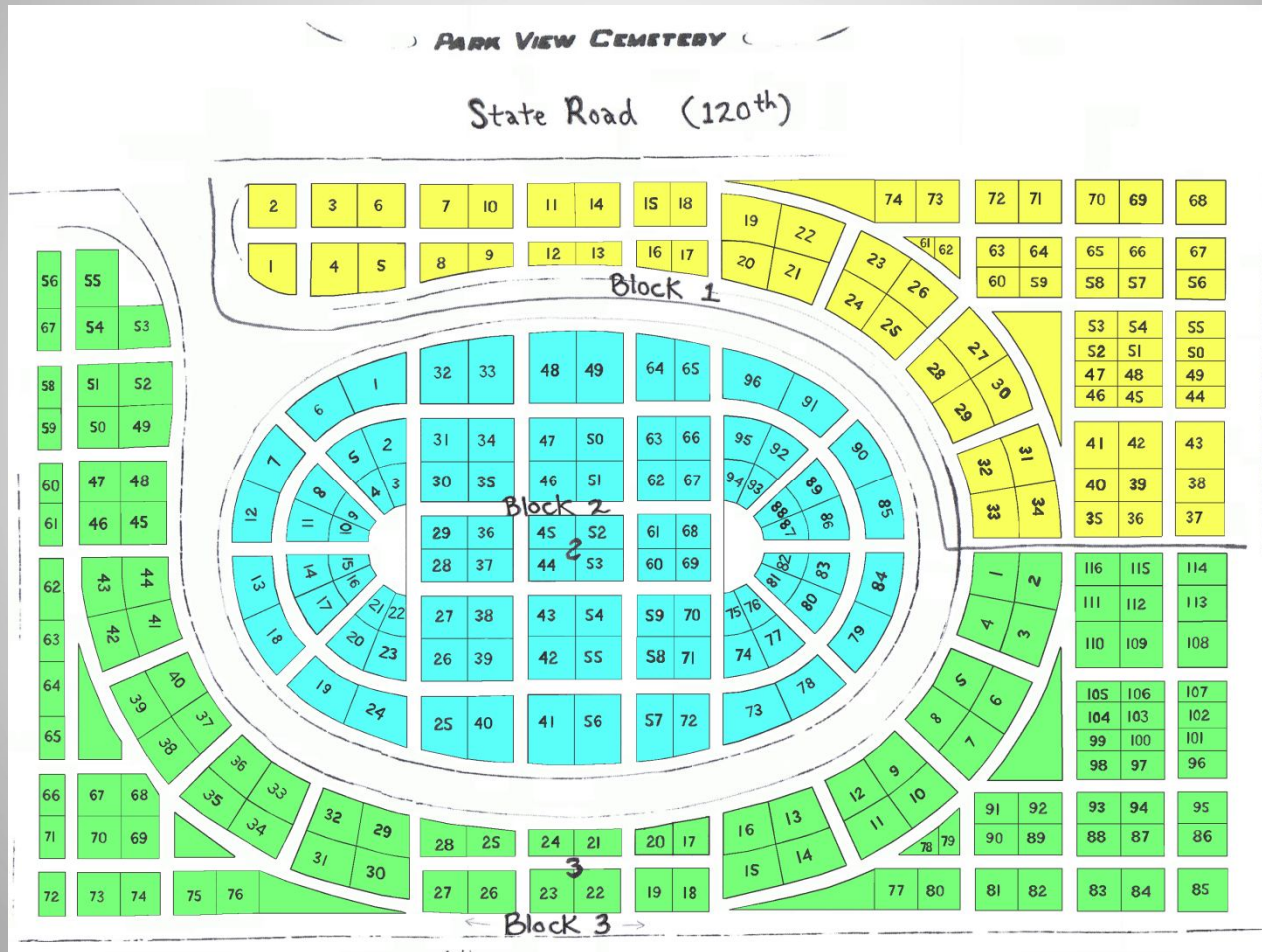

# Block #1 is the section in yellow

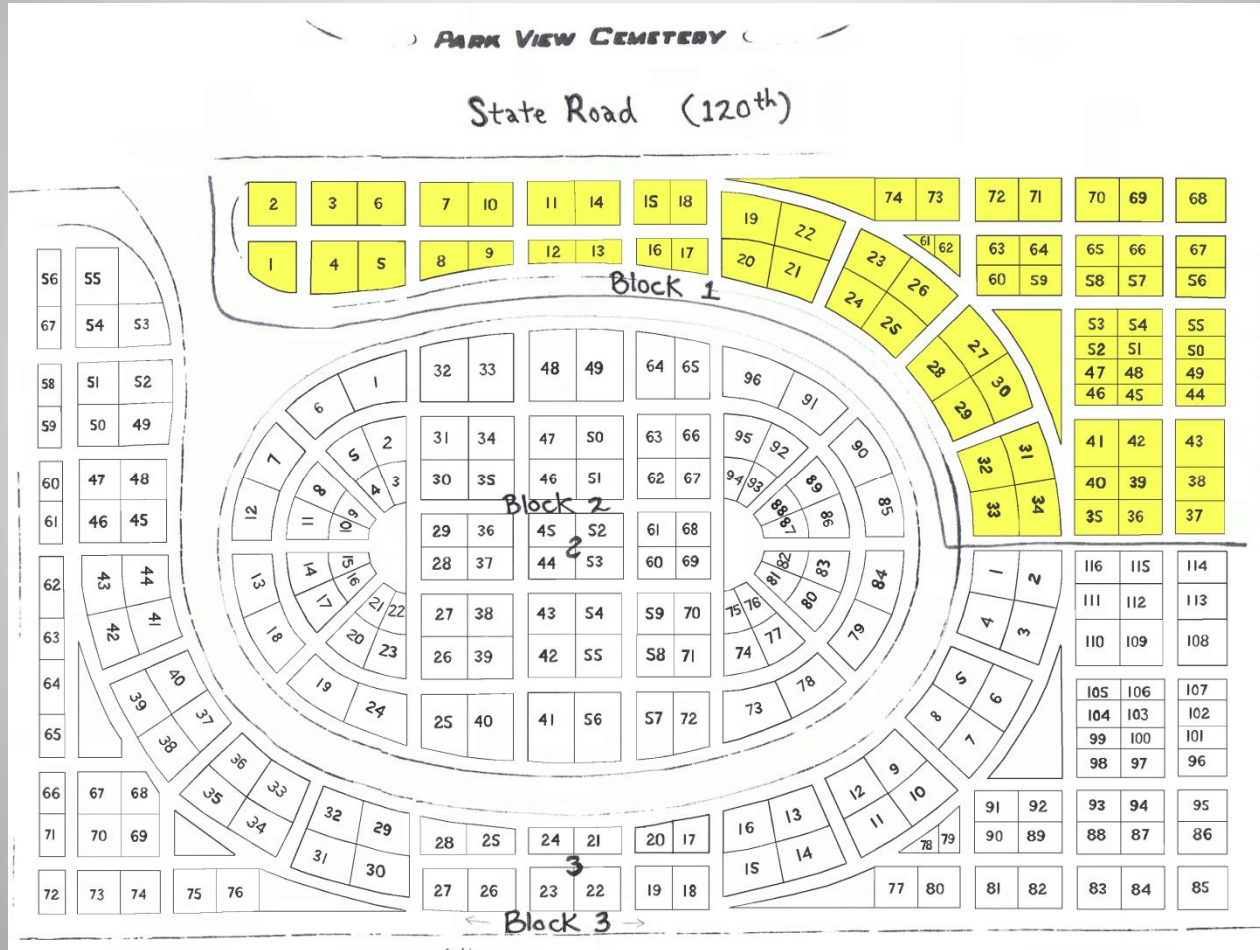

Block #2 is the section in blue

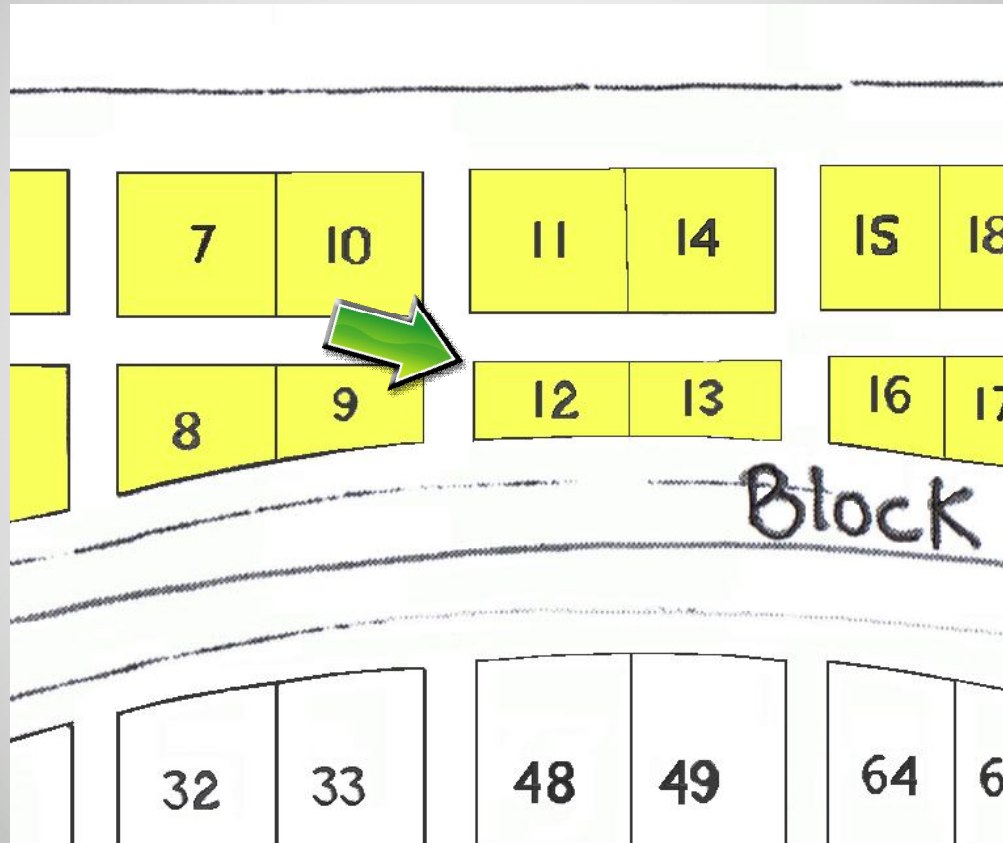

# Block #3 is the section in green

For example, if you are trying to locate a grave in Block #1, and Lot #12...

At least the location of Lot #12 in Block #1 is pretty easy to find

Locating the individual grave you are looking for is not as easy, since not all lots were originally mapped out. Since 1921, lots were mapped out as they were sold.

Fortunately, most graves are marked with headstones. We recommend that you either stop by the City of Grant office for a lot map or stop by the cemetery to locate the headstone you are looking for more information about.

**Please contact the City of Grant with any further questions by calling (231) 834-7904 or stopping by.**

We are located at 280 South Maple Street (M-37), between Swinehart's Home Furnishings and Rent Smart.
